

The Quality Built Gazebo

The Heart of American Charm

The Heart of America

The gazebo is an irreplaceable part of the American landscape.

From coast to coast, gazebos grace village greens, the backyards of country farmhouses, and the gardens of grand estates.

They remind us of a simpler time—an era of when we enjoyed the pleasures of life more and worried a lot less.

Explore our handcrafted gazebos and you'll feel the difference. Just one look and you'll be transported back in time. Close your eyes and hear the sounds of a brass band playing from gazebo steps on a sunny 4th of July. Smell apple pie cooling on a nearby windowsill.

*Bring this All-American classic to your home today.
Your family will thank you.*

Wood - pages 4-13

Wood is the traditional building material of choice for gazebos. Many love the look, feel and overall ambiance of wood. Wood radiates a feeling of warmth that instantly makes you feel right at home. Personalize your gazebo with the stain, paint or finish that complements your home and landscape.

Choose Your Shape

Octagon

Octagons are the time-honored gazebo shape. This style gives you a classic look for comfortable living.

Oval

Ovals provide a traditional look with the added benefit of a more spacious interior. Oval gazebos accommodate more guests with additional seating room.

Rectangle

Rectangles maximize your living space. The perfect design for hot tubs and multi-purpose rooms.

Large

Large gazebos are available in any of the above shapes. The larger size accommodates big groups and is the smart choice for weddings and commercial settings such as parks and hotels.

The optional red cedar shingles are made with high quality cedar, offering a traditional look.

Longevity

Stainless Steel Screws

Stainless steel screws help to maintain the long life of your gazebo and offer a finished appearance.

Solidity

2" x 6" Braces

These braces offer additional strength and control side motion.

Durability

Double 2" x 6" Floor Joists

...help prevent warping of joists and popping of floor boards. They also allow for a better straight down fastening of the floor board, giving your deck a stronger, longer-lasting life.

Stability

Extra Strong 2" x 6" Decking

2x6 decking means strong construction, plus our hot-dipped galvanized screw nails are designed to stay seated for a lifetime.

Strength

Double 2" x 4" Rafters

Our double rafters give your gazebo roof a heavy-duty load capacity and help prevent beam warping.

Prevention

Milled 1" x 4" Ceiling Lath

Our milled 1x4 laths allow your cedar roof to breathe and offer a wonderful interior appearance as well.

Rigidity

2" x 8" Compression Ring

The compression ring ties the rafters and posts of your gazebo together for additional snow load capacity and wind stability.

Endurance

Laminated Posts

Our laminated posts resist checking and add strength while giving your gazebo a custom look.
